

Instructions

Remedy Skin Repair Cream

Remedy Skin Repair Cream helps restore the skin's natural moisture balance while delivering vital nutrients to the skin. The Skin Repair Cream also contains the primary fatty acids found in olive oil — oleic and linoleic acid. These are excellent skin nutrients and lipid replacements for skin that has been stripped of its protective lipid components. Contains Olivamine®, a natural blend of amino acids, antioxidants, vitamins and other enhanced ingredients.

Applying Remedy Skin Repair Cream

- Cleanse skin with Remedy Cleansing Body Lotion or Foaming Body Cleanser, or similar product.
- Apply Skin Repair Cream liberally until entire area is covered.
- Reapply as needed.

When to call your health care provider

- If you experience a sudden change in your condition, contact your health care provider.
